Presentation Guidelines

Hosted by the Southern California Kindergarten Conference, Inc

The Southern California Kindergarten Conference, Inc. (SCKC) is pleased that you have decided to submit a proposal to present at our 35th Annual Conference for Pre-K, TK, Kindergarten, and First Grade Educators on February 26-27, 2021 at the Pasadena Convention Center. Below, you will find information and guidelines that will help make your session and experience at our conference as productive and enjoyable as possible.

Description of Conference and Mission Statement:

- The Southern California Conference for Pre-K, TK, Kindergarten, and First Grade Educators is an annual conference intended for teachers, administrators, paraprofessionals, parents, and others interested in the education of children ages 4 through 7 years.
- The conference is designed to generate interest in the value of Early Childhood education and to enhance the education of Pre-K, TK, Kindergarten, and First Grade students by providing exemplary staff development, resources, support, and discussion of current developmentally appropriate instructional practices and issues in the classroom.
- Through lectures, workshops, discussions, demonstrations, and exhibits, the aim of the conference is to offer content-rich discussions and material that focuses on the most current research-based and brain-based teaching methodologies.
- The goal is to provide strategies for teaching the standards in all areas, providing strategies to teach with rigor, relevance, and relationships, and to provide ideas to incorporate play, inquiry, critical thinking, collaboration, and to foster all domains of development: physical, emotional, social, and intellectual.

Guidelines for Presenters:

- Each session is scheduled for 1 hour and 15 minutes.
- Each session must address the California's Common Core State Standards, California's Preschool Learning Foundations, California Preschool Curriculum Frameworks, or the California Academic Content Standards.
- The target audience is primarily pre-K, TK, kindergarten, and first grade teachers/administrators.
- All presentations and the implementation of the ideas presented **must not** be dependent on purchasing a product. Presentations must not be used to promote specialty commercial products.
- The sale of goods by non-exhibitors is prohibited unless given express written permission by SCKC.
- Presenters are responsible for their own travel and housing arrangements
- **Presenters must provide SCKC with pdf handouts for each session no later than December 29, 2020.** Each handout should have a cover page that includes the presentation title, session number, and presenter's name(s). Please be mindful of the quality and size of your handout. Each handout should contain 10-12 pages of content-rich material. Our attendees want an excellent handout that mirrors the quality of your presentation. Attendees will be given access to download your handouts prior to,

Guidelines for Presenters (cont.)

and after the event. If you fail to provide your handouts as specified, you will be required to provide printed handouts to attendees at your cost.

- Most workshop rooms will be set in theatre seating (rows with seats), with a head table, and one to four chairs at the front of the room. This set up is used to maximize the number of attendees in each session. We accept a limited number of proposals that require rooms set in classroom seating (long, narrow tables are lined up in a row, one behind the other with chairs facing front) and perimeter seating (chairs set along outside of room, with open space in the center). We try to accommodate room set-up requests, but we cannot guarantee that we will be able to meet the request you made on your presenter proposal.
- SCKC will provide a screen, cart, and electrical cords to be used with your own LCD projector and computer (SCKC does not provide LCD projectors or computers). Sessions with 75 attendees or more will have a lavalier microphone. Additional A/V equipment for an additional cost, paid for by the presenter.

Benefits to Presenters:

If your proposal is accepted, you will be offered a complimentary conference registration, a small honorarium based on the number of attendees in your session, plus one day's parking at the Pasadena Convention Center. You will gain visibility and recognition at one of the nation's biggest conferences for Pre-K, TK, Kindergarten, and First Grade Educators and you will have the opportunity to impact teachers, who in turn, will impact 100's of children.
